In re Patent No. 7,061,904 :
Issued: June 13, 2006 : LETTER REGARDING PTA and
Application No. 09/829,654 : NOTICE OF INTENT TO ISSUE
Filed: April 9, 2001 : CERTIFICATE OF CORRECTION
Dkt. No.: 00P7569US01/059001 :

This letter is in response to the "LETTER REGARDING PATENT TERM ADJUSTMENT," filed August 9, 2006. The Office thanks patentees for their good faith and candor in bringing this to our attention.

The above-identified application matured into U.S. Pat. No. 7,061,904 on June 13, 2006. The patent issued with a PTA of 1,212 days. Patentees, however, indicate that the adjustment of 1,212 is longer than appropriate and further advise the Office that the adjustment should be reduced 49 days for applicant's delay in responding to the Notice to File Missing Parts mailed May 23, 2001.

A review of the application history for the instant patent reveals that an adjustment of 1,212 days can be attributed to the Office in accordance with 37 CFR 1.702(a)(1) and 1.703(a)(1).

As advised by patentees, the adjustment of 1,212 days is properly reduced 49 days in accordance with 37 CFR 1.704(b) in connection with the response to the Notice filed October 10, 2001.

Thus, at the time of issuance, the patent was entitled to an adjustment of 1,163, as advised by patentees.

As applicants are advising us of a potential error in providing too much patent term adjustment in this application, no fee is due in connection to this matter.

This application file will be forwarded to the Certificate of Corrections branch for issuance of a certificate of correction to indicate that the term of this patent is extended or adjusted under 35 U.S.C. 154(b) by 1,163 days.

Telephone inquiries specific to this matter should be directed to Petitions Attorney Alesia M. Brown at (571) 272-3205.
